

AS 100

Accelerated Product Stacker

**Achieves Stacking Speeds of
More Than 95 Lifts Per Minute**

- Patented High Speed Stacker
- Multi-Axis Servo Controlled Lifting Cleats
- Servo-Driven, Photo-Eye Controlled Product Infeed Conveyors
- Integrated Case Loading Mechanism
- Quick Changeover
- Low Maintenance
- Engineered for Integration

AS 100

Accelerated Product Stacker

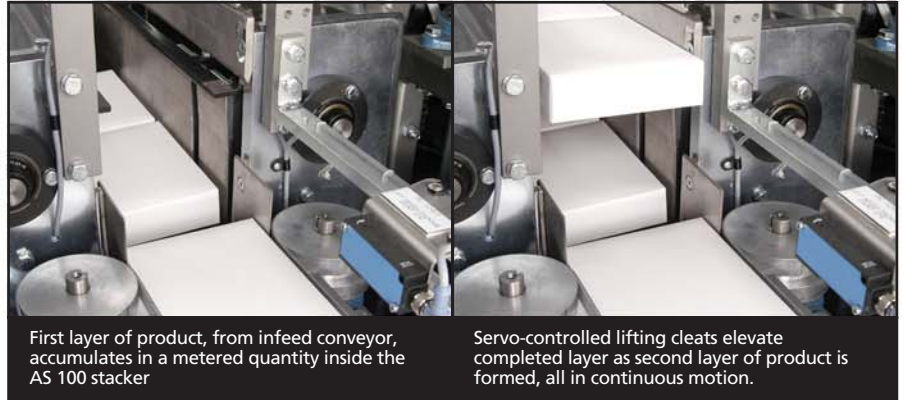

The standard-setting, industry-leading AS 100 accelerated product stacker easily integrates with most case openers/sealers and is designed to increase performance on any new or existing case packing system. Its flexible design facilitates installation on site or at SWF's Reedley, CA manufacturing facility, while its speed, coupled with no-tool fingertip changeover features, allows the AS 100 to easily adapt to ever changing product sizes and configurations.

Standard Features:

- Integrates with Most Major Case Openers/Sealers to Provide a Fully Automatic Case Packing System
- Precision Stacking Speed Control
- Positive Product Metering, Spacing and Control - From Stacking through Case Loading
- Full Operator Safety
- Rugged Precision Construction
- Servo Driven Stacking System with Belt-mounted Lifting Cleats
- Compact Design
